Sullivan Design

Value:
£1.288m

Duration:
20 weeks

Completion:
Feb '09

Having successfully refurbished a tired industrial unit for the Store Property Group and seen it let very quickly we were delighted to receive a call to come and negotiate the fit-out for the new tenant, one of the country's leading manufacturers of food condiments. Specialist sub-contractors have been needed for the cold-store and materials storage and handling elements of the scheme.

Another excellent example of Amiri's work in this sector.
