Tilford and Broadmede Houses are two office buildings on this 1980's campus development. The owner, Store Property, is committed to refurbishing it's old stock and when leases come up for renewal or buildings fall empty they are quick to refurbish them to a modern, efficient and environmentally standard, reflected in their commitment to achieve BREAMM "Excellent" standard. We have worked hard with our supply chain and the Store Property design team to ensure that the work is carried out using the right products, installed in the appropriate manner and by local tradesmen so that this standard is achieved.

This is our fourth project with this client.
